

FORMAL NOTICE OF TERMINATION FOR MATERIAL BREACH OF CONTRACT

To:

Donato Mosquero

Project Address: SW 24th Pl, Ocala, FL 34447

Permit / Reference Number: 2024064281

Date: _____

Dear Mr. Mosquero,

This letter constitutes a formal and final notice that your services as the contractor for the above-referenced project are hereby terminated effective immediately due to material breach of contract, failure to perform, and abandonment of the project.

After thorough review and documentation, the following serious violations have occurred:

1. Failure to Perform Contracted Work

Despite payment and multiple opportunities to cure, you have failed to complete essential items of the contracted scope of work, including but not limited to:

Windows paid in full but never delivered or installed.

Roofing work not delivered, not started, and not scheduled.

Other required items that remain incomplete.

2. Poor Quality of Work

The work that was performed was done below industry standards, below code expectations, and below the workmanship required under Florida law and the terms of the contract.

3. Abandonment of the Project

You have failed to respond, communicate, or appear at the project site for over 30 days, constituting project abandonment under Florida Statutes.

4. Mismanagement of Funds

Funds were collected for materials and services that were not provided, not delivered, and not documented.

Because of these breaches, you have violated your contractual obligations, failed to meet the minimum standards of performance required by law, and materially harmed the progress of the project.

As a result, and pursuant to the rights afforded to the owner under Florida Contract Law:

YOU ARE HEREBY OFFICIALLY REMOVED AS THE CONTRACTOR OF RECORD FOR THIS PROJECT, EFFECTIVE IMMEDIATELY.

I will be filing the appropriate documentation with the Marion County Building Safety Department to:

Remove you as the contractor on the permit, and

Assign a new licensed contractor to take over the project.

You are no longer authorized to enter the property.

Any further access will be considered trespassing.

If you believe you are owed any remaining compensation, provide written documentation and supporting proof within 5 business days. Failure to do so will be considered a waiver of any claim.

This notice is issued in good faith to protect the property, the permit, and the legal compliance of the project.

Sincerely,

[Your Name]

Owner / Authorized Agent
